**Harrington Blue & Partners announces strategic partnership with the Thames Estuary Growth Board**

Harrington Blue & Partners, an international talent based consultancy firm in London has signed a Memorandum of Understanding with the Thames Estuary Growth Board ([www.thamesestuary.org.uk](http://www.thamesestuary.org.uk)) to jointly work on international investment and promotion of the infrastructure development opportunities at the renowned Thames Estuary.

Harrington Blue & Partners' core goal is to promote and assist international businesses invest in the UK. As part of our services, HB&P offers consultancy services to Latin American companies interested in setting commercial operations or taking part in infrastructure and strategic development projects in the UK.

Susana Ecclestone, CEO of HB&P states: " We are extremely proud of this agreement that opens multiple opportunities to Latin American port operators, shipping companies, smart port technologies and cargo experts. Having the Latin American expertise working together with the Thames Estuary talent will not only bring about a hugely strategic collaboration, innovative and fair joint ventures but it will also benefit a large area of the most historic entry to the heart of the United Kingdom".

Kate Willard OBE, Government-appointed Thames Estuary Envoy and Chair of the Thames Estuary Board added: "International investment, trade and innovation will be central to driving good, green and fair growth in the Thames Estuary. We welcome this agreement in strengthening our links and relationships with Latin America and building new business and investment opportunities."
