

PRESS RELEASE

Harrington Blue & Partners Announces Strategic Alliance with the Ministry of Production and Mining of the Province of Salta and REMSA S.A. to Boost International Investment and Development Opportunities

Salta, Argentina & London, United Kingdom– June 30, 2026

Harrington Blue & Partners is proud to announce the signing of a Memorandum of Understanding with the **Ministry of Production and Mining of the Province of Salta** and **REMSA S.A. (Recursos Energéticos y Mineros de Salta S.A.)**, establishing a framework for strategic cooperation aimed at strengthening the province's international connections and promoting high-impact economic, energy, and infrastructure initiatives.

This alliance reflects a shared vision based on openness to international opportunities, the generation of sustainable value and building bridges between Salta and global strategic partners capable of contributing to the province's growth and development.

The Ministry of Production and Mining of Salta plays a fundamental role in the design and implementation of policies aimed at promoting the sustainable development of the productive and mining sectors, fostering investment, innovation, and the creation of quality jobs. For its part, REMSA S.A. continues to consolidate its leadership in the province's energy and mining development through strategic initiatives related to the expansion of energy infrastructure, the promotion of renewable energy projects, the strengthening of mining logistics, and the promotion of public-private partnerships that boost regional growth.

From Harrington Blue & Partners, a British firm specializing in international strategic consulting, this agreement represents a significant opportunity to provide Salta with access to a global network of investors, companies, and institutions interested in contributing to the province's sustainable economic development.

Susana Ecclestone, CEO of Harrington Blue & Partners, stated:

"We are deeply honored to formalize this strategic alliance with the Ministry of Production and Mining of the Province of Salta and REMSA S.A. We recognize the commitment, vision, and openness demonstrated by the provincial authorities in building international connections that generate concrete investment and development opportunities. We are convinced that cooperation between public actors and international strategic partners is fundamental to driving transformative projects that contribute to sustainable economic growth and value creation for local communities."

Harrington Blue & Partners wishes to express its sincere gratitude to the authorities of the Government of the Province of Salta, the Ministry of Production and Mining under the leadership of **Dr. José Ignacio Lupi3n** and its Institutional Coordinator, **Dr. Bernardo Sayus, REMSA S.A.**, and its Chairman of the Board, **CPN Javier Montero**, and Vice Chairman, **Dr. Romina Sassarini**, for the trust placed in this initiative and for their commitment to a future-oriented development agenda.

The firm also extends its sincere appreciation to the dedication and professionalism of its consultants, **Angel Mariano** and **Eduardo Zerda**, whose consistent work, commitment, and ability to facilitate dialogue and coordination between the parties were fundamental to keeping this process active and contributing to the realization of this strategic alliance.

This agreement represents an important step toward identifying and promoting investment opportunities, international cooperation, and the development of projects with a positive economic and social impact, reaffirming the commitment of all parties to a vision of sustainable growth, innovation, and prosperity for the Province of Salta.
